December 2018

REFERENCE FOR **WENDY TEYCHENNE**

We had the pleasure of having Wendy housesit for us in Tasmania for a week in December 2018.

We have two elderly and sooky dogs that needed to be cared for. Wendy got along with our dogs within 5 minutes of being in our house. Our dogs were loved and cared for by her and we arrived home to very happy healthy dogs.

Wendy was an excellent communicator in the lead up to the housesit and was very organised. She was also very happy to send through updates.

When we arrived home our house sparkled, the gardens had been watered, the sheets were washed and on the clothesline - and everything was how we left it, except it was cleaner! Wendy had put in a big effort into keeping the house clean and it was greatly appreciated.

We would not hesitate to recommend Wendy for any future housesits and I am happy to verify this recommendation should you wish to phone on the above number.
